SATURDAY, JUNE 25, 1892.

The electoral college for the presidential election will have 444 votes requiring 223 to elect. Figure out the states now, and then mark the winning ticket.

We made a hurried trip to Philippi on Monday last, met a number of the good people of Barbour county, and found them alive to the questions of good government. We extend our best wishes to all of

The long spell of hot weather has been very trying upon poor humanity and an occasional puff of fresh air, is greedily grasped by panting lungs. A continuance of such heat, with a drouth will, probably cause much sickness and many deaths.

We beg leave to return thanks for complimentary tickets for the Ninth Annual Commencement, of St. Joseph's Catholic School, which was held at the New Opera House Thursday night. We attended and greatly appreciated the exercises.

The Republicans of the third cor gressional district of West Virgini yesterday nominated Edgar I Rucker, of Mercer county, for con gress, and John F. Ronan, of K. awha, for presidential elector. Th convention indorsed the Minneapo lis nomination and platform.

The attendance at the pic-nic, Elkins Park, on Tuesday last was pretty fair test of what the stree railway can do. When all thing are in order, with a couple hundre dollars added in arranging the Parl every evening will find it, filled wit persons seeking a little rest and goo country air.

The street sprinkler is doing e: cellent work, but we take the libert of suggesting to the, authorities th propriety of washing out the gutter two or three times a week. China, although foreign mission send out considerable money for r ligious purposes, has only 1,022 ci izens of the United States, and ha of those are women. Shanghai Tritsin and Canton have the most of these. The Chinese are considerably more numerous in this country, where they have the best of examples, churches and training, learn to talk English, but they wash and iron, and stick to their idols.

The Democratic National Convention gave to Hon. Wm. L. Wilson, the honor of presiding over its deliberations. The papers state, his speech was the greatest effort of his life. After reading it as printed we must do him the justice of saving that although it seems to have been carefully prepared, we have read what we think were better speeches delivered by him and therefore this could not have been the supreme effort of

CLEVELAND AND STEVENSON. Hon. Grover Cleveland has again been pitted against Harrison for the presidency, and Mr. A. E. Stevenson, of Illinois, Assistant P. M. General under Cleveland has been nominated for vice-president. Mr. Cleveland was easily defeated by Harrison in 1888 and it is singular that thus weakened, he should be put up the second time against his successful opponent. Common sense would have dictated a different course. Men, like Boies, of Iowa, and Pattison, of Pennsylvania, with popularity stronger than their party, would have challenged the full strengh of the Republicans, but with Cleveland and his defeat to carry, the democrats will lose hope and wonder why an unsuccessful man was nominated. when they had so many stronger men in their party.

BLAINE'S SUFFERINGS. Within the span of a brief lifetime of usefulness, no man's heart has been oftener pierced by ingratitude and affliction than that of James G. Blaine. Following the week of the Minneapolis Convention, he has been called upon to mourn the loss of his second son, Mr. Emmons Blaine. who was achieving honorable positions in business life, having become one of the vice-presidents of the B. & O. R. R. Co. He died at his wife's father's, the late Mr. McCormick, the inventor of the McCormick Harvester. Only his wife, two-yearold babe and his wife's mother were present, when he crossed over to the great majority. To this great Statesman this death following so swiftly that of Walker Blaine, the sympathy and prayers of our entire people go out in unison, for strength to bear the suffering in safety and bow in humble submission to the will of the Divine Master.

To read to the dear ones who are weakfor ill, to the sufferers in hospitals and to aid those whose eyes are failing as the long shadows of life's afternoon cloud their brightnessthese are blessings which we can easily bestow and by which we are ourselves enriched .- Harper's Baz-

AN ALL NIGHT SESSION. 78 After Twelve Hours a Ballot is Finally Reached.

OHICAGO, June 23 .- The air in the con vention hall last evening was stiffing. Chairman Wilson took his seat at 5:15, but simply for the purpose of enabling Secretary Bell to announce telegrams for delegates. Two minutes later Chair-man Wilson took his seat and tapped to order. Order was slow in coming, and so was business. It was fully twenty minutes before the convention was called upon to listen to anything else except the band.

At 6:82 the committee on res reported. After a long wrangle over the tariff section the platform was amended by a resolution of Mr. Neal, of Ohio, and then passed.

and then passed.

The chairman then announced that the next question was the call of the roll of states for nominations of candidates for president. At this the convention loudly cheered.

Arkansas yielded her place to New Jersey, and amid cheers Governor Leon Abbett took the stand to nominate Cleveland. He stood with a manuscript in his hand and spoke in a firm clear.

When Governor Abbett named Cleve-land the hurrah of an hour before was repeated. The delegates sprang to their feet, many of them mounted the chairs, hats were thrown into the air and the noise of the cheering was deafening.
As Mr. Abbett proceeded he was frequently interrupted, and when he mentioned the name of David B. Hill, the fromed the name of David B. Hill, the New York delegation led a demonstra-tion second only to that which the Cleveland men had made. Colorado yielded to New York, and W. C. Dewitt, of Brooklyn, rose to nom-inate Hill. Then there was another ex-citing scene, and as Mr. Dewit proceeded he was abliged to ctan frequently.

he was obliged to step frequently. When Iowa was called Hon John F. When lows was called Hen John F. Buncombe named Horace Boies, in a long speech. New York joined conspicuously in the cheering which the presentation of Boies' name elicited, and which lasted some minutes, accompanied by the usual incidents of the waving of harvars etc.

ing of banners, etc. Finally, at 2.52 this morning, the convention got down to a ballot. It was after 3 o'clock when the tellers announced the selection of Grover Cleve-land as the candidate, and the conven-

tion adjourned until 2 p. m. FOR VICE PRESIDENT.

A. E. Stevenson, of Illinois, Named CHICAGO, June 24.—It was in a muggy damp atmosphere and uncomfortable quarters that the delegates and specta-tors entexed the wigwam yesterday

afternoon.

At 2.55 Chairman Wilson pounded the table with his gavel and called the contion to order. Mest of the delegates were in their seats and the galleries were quite well filled. The chairman introduced the Rev. Alfred Green, of Cedar Rapids, Ia., to deliver the invocation.

cedar Rapids, 1a., to deliver the invocation.

Insmediately after the prayer the chairman amounced that the next order of basiness was the naming of candidates for the nomination for vice president. Governor Porter, of Tennessee, offered agreedation to limit nominating speeches to five minutes and seconding speeches to five minutes each. The resolution was greetely with applicuse and adopted. The call of states was then begun. Alabama asked to be passed. Arkansa mominated lease P. Gray, of Indiana without comment. The name was greeted with applicuse.

The roll call proceeded. New Mexico seconded the nomination of Gray and Oklahema that of Stevenson.

The roll call was completed, and Alabama, which had been passed, was called again. Mr. Vanderbilt and J. H. King, of Alabama, briefly seconded the nomination of Judge Morse on the strength of his soldier record.

Then the chairman ordered the roll to be called upon the four candidates. The result of the balloting is given in the appended table;

THE PLATFORM. Democracy's Claims for the Votes of the People in Novembe the People in November.

The representatives of the Democratics of the United States, is national converse assembled, do reaffirm their allegiance principles of the party automathetic ferson and examplified by the long and fit ons line of his successors in Democraticale ship, from Madison to Cleveland. We warn the people of our common country, lealous of the presentation of their fire institutions, that the policy of the fathers are stitutions, that the policy of the fathers are party has committed itself in raught the party has committed itself in fraught the gravest dangers bearedy less instructions than would result from a revolution specifically establishing monarchy on the father of the republic, it stitles at the notificance lies the south, and injures the colored cilicance with federal power, returning boards appointed and controlled by federal authority, the outrage of the electoral right of the people in the several states, the subjugation of colored people to the control of the party in pewer and the reviving of race antagonisms now happity abated.

We reiterate the off repeated dottrine-of the Democratic party that the necessity of the government is the only instification for taxation, and whenever a limit unpreduced in this country the difference between the cost of labor here and labor abroad, and when here and labor abroad, and when such difference exists, fully measures any possible benefits to labor, and the enormous additional impositions of the existing facility in the crusting force upon our farmers and workingmen, and for the mere advantageout the few whom it enriches exact fromdabor a grossly unjust share of the expension the government, and we demand such a switten of the tariff laws as will remove their iniquitous inequality.

We denounce the McKinley tariff law en-

of the tariff laws as will remove their iniquitous inequality.

We denounce the McHinley tariff law enacted by the Fifty-first congress as the eniminating atrocky of class legislation. We do
denounced the present congress to modify its most oppressive features insthe direction of free raw
material and cheaper manufactured goods
that enter into home consumption, and we
propose its repeal as one of the beneficent results that will follow the action of the people
in intrusting power to the Democratic party.
Since the McKinley tariff went into operation
there have been ten reductions of wages of
laboring men to one increase.

there have been ten reductions of wages of laboring men to one increase.

We call the attention of thoughtful Americans to the fact that after thirty years of restrictive tensation against importations of foreign products in exchange for our agricultural products, the homes and farms of the country have become burdened with a real-estate mortgage of over twe and one-half billion deliars, exclusive of all other forms of inflabtedness, that in one of the chief agricultural states of the west there appears a sent estate mortgage debt averaging \$165 per eagits, and that similar conditions are shown to exist in other other agricultural exporting states. We denounce a policy which festers no industry so much as that of the sheriff.

The "sham reciprocity" of Republicanism is denounced, the suppression of trusts favored, and the Democratic party is pledged to restore for actual settlers the public domain unlawfully held by aliens and corporations. The platform

the public domain unlawfully held by aliens and corporations. The platform proceeds:

We dengunce the Republican legislation known as the Sherman act of 1890 as a cowardly makeshift, fraught with possibilities of danger in the future, which should make all of its supporterible well as its eather, surious for its supporterible well as its eather, and as the surious agreement or by such as foguards of legislation as shall impure the maintenance of the parity of the two metals and the equal-gowner of any dollar at all times in the market and in the payment of debts, and we demand that all paper currency shall be kept at par with and redeemable in such coin. We insist upon this policy as especially necessary for the protection of the farmers and laboring classes, the first and most defansaless victims of unstable money and a fluctuating currency.

Public office is a public trust. We reaffirm the declaration of the Democratic national convention of 1876 for the resorm of the civil service, and we call for the bonest enforcement of all laws regarding the same.

The Democratic party is the only party that has ever given the country a foreign policy consistent and vigorous, compelling respect abroad and inspiring constant defense, and to propesly maintain the honer and dignity of the country abroad.

The persecutions of the Nicaragua canal urged, empletion of the Nicaragua canal urged, empress urged to make liberal World's fair appropriations, and the extension of popular education demanded. The admission of territories to the union of states is urged, legislation to protect life and life of wage workers applicated, and Republicane dengunced for defeat of labor measures. The platform concludes:

Upon this statement of principles and policy the Democratic party asks the inst
